4.2 Distribution of Student and Family Affordability Fund

The Student and Family Affordability Fund is to help families in need with expenses such as paying bills, groceries (but not for in-school food programs), car repairs, glasses, and getting ID. The District will receive $347K for 2023-2024 that can be carried over into next year. The last time we received this funding it was distributed through a combined formula that recognized the size of the school and its level of need and was given to schools for administrators to distribute. Some schools had additional funds from their PAC, such as Cowichan Secondary whose PAC helped create a free store. There was discussion on communicating the availability of support to families to ensure all were aware, and not making assumptions on who needs help as people may be suffering quietly. It may also be difficult for administrators to find the time to allocate the funding on top of their other duties. The last time we received funding we went through a large process with administrators to share ideas of where monies could go which distribute it all away at once as want to have some held back for other needs that may arise. This may also be a good topic to bring to the PACs.
